RSVPs are essential due to COVID-19

Hot topics to be covered by our guest speakers:

TECHNO SYSTEMS

Bull farmer and Northland techno system guru Dennis O'Callaghan shares his experiences, top tips and recipes for success.

ALTERNATIVE POWER SOURCES

The Watt Shop's Darren Hill was instrumental to installing the farm's solar pump system and will talk about alternative power solutions that safeguard production and complement the environment.

WATER ECOLOGY

Brett Stansfield, of Environmental Impact Assessments, talks about the importance of understanding and improving water ecology by using simple testing regimes.

ACHIEVING GOALS

Northland Regional Council Land Management Advisor Jenny Gillanders has been helping Jeff & Helen since 2017. She shares her knowledge and experience around achieving environmental goals.
